

Let's Make Scotland More Age-friendly (Age-friendly Communities) collapsible tab

Date: July 20, 2024

The purpose of the Age-Friendly Communities programme of work is to connect places that share our ambition of more people enjoying a good later life.

Becoming an Age-friendly Community means you will be part of a growing movement, sharing expertise from the UK and across the world.

Let's get Scotland on the map in this United Nations Decade of Healthy Ageing!

For further information on any aspect of Age-friendly work or joining this growing movement please [use the 'Contact Us' page to get in touch.](#)
